

# APPLICATION FOR CODE COMPLIANCE CERTIFICATE (FORM 6)

Section 92, Building Act 2004

## WHAT IS A CODE COMPLIANCE CERTIFICATE?

A code compliance certificate (CCC) is a formal statement issued under section 95 of the Building Act 2004, that building work carried out under a building consent complies with that building consent.

- The property owner must apply for a CCC after all work set out in the building consent approval has been completed. The owner doesn't need to make the application themselves and can use an agent to assist them.
- The CCC is issued if the building work complies with the building consent.
- Under normal circumstances, only the building consent authority (BCA) that granted the building consent can issue the CCC.
- If no application is made before the expiry of two years from the date the building consent was granted, the building consent authority must decide whether to issue the CCC. The BCA and the owner can agree to extend the timeframe.
- Interim CCCs cannot be issued.
- It is an offence to use or permit the use of public premises affected by building work that has no CCC, Certificate for Public Use or Certificate of Acceptance.

## HOW TO APPLY

As a minimum, the documents listed below must be included in your application. Depending type of application, additional documents might be required or requested while the Council / BCA process your application.

- Proof of ownership
- Certificates issued by licensed building practitioners that state what restricted building work they carried out or supervised.
- Certificates relating to any gas fitting or prescribed electrical work (energy work) that has been carried out.

When a Council/BCA receives a complete CCC application, they have 20 working days to decide whether to issue the CCC.

## HOW TO SUBMIT YOUR APPLICATION

Check with the Council/BCA you are applying to for more information on how to submit your application. Electronic submissions may be available with the relevant Council/BCA on the [simpli.govt.nz](http://simpli.govt.nz) website.
